

4th MARIE IRTG Scientific Seminar 2018

October 15th, 2018

Meractor Saal, Gerhard-Meractor Haus
Lotharstraße 57, 47057 Duisburg, Germany

- 10.00 – 10.30 Welcome Coffee
- 10.30 – 11.15 Prof. Dr.-Ing. Thomas Kaiser, UDE
Tutorial
Some Aspects of Wireless Localization
- 11.15 – 11.45 Alejandro Jiménez Sáez, UDE, C09
A Comparison between Milled, 3D Printed and Etched Photonic Crystal High-Q Resonators
- 11.45 – 12.15 Ali Alhaj Abbas, UDE, S04
High RCS Passive Tag based on Dielectric Resonator - 2D Lens Combination
- 12.15 – 13.15 Lunch Break
Lunch in the Hauptmensa, Campus Duisburg
- 13.15 – 13.45 Dr.-Ing. Mohammed El-Absi, UDE, S04
Indoor Large-Scale MIMO based Localization with Chipless RFID Infrastructure
- 13.45 – 14.15 Ahmed kamal, TUD, S05
Real-Time Computing Architecture for Object Localization
- 14:15 – 14:30 Coffee Break
- 14.30 – 15.45 Prof. Dr.-Ing. Martin Vossiek, Friedrich-Alexander Universität
Keynote Speech
Precise Indoor Wireless Locating - basics, new trends and applications
- 15.45 – 16.30 PhD Student Discussion

Directions to the Seminar Venue by Car

Directions to the Seminar Venue by public transport

1. From Duisburg main station take the bus **933** towards **Uni-Nord** and get off at **Universität**.
2. From Duisburg main station take the bus **924** towards **Sportpark** and get off at **Universität**.
3. From Duisburg main station take the bus **926** towards **Uni-Nord** and get off at **Uni Nord Lotharstraße**.
